At our core, the SCA remains a Social, Informational and Philanthropic organization focused on promoting the history and traditions of the Medical Service Corps, enhancing the education of our Army, and reinforcing camaraderie among our members. Over the next two years we will focus on continuing to build our great Legacy. We will do this by pursuing five primary goals:

1. Execute a thorough After-Action Review of the 2021 Reunion and prepare for Reunion 2023.
2. Stay relevant and grow our Association to over 1,000 members (Current membership is 723 Active Members).
3. Communicate with internal and external audiences.
4. Philanthropy through our scholarship program.
5. Connect and support the "Field," through partnering with Silver Caduceus organizations.

With my respect,
Colonel Robert F. Howe, USA Retired
President, Silver Caduceus Association

Greetings Silver Caduceus Association,

It is my distinct honor to provide the state of the Medical Service Corps (MSC). We continue to thrive because of the dedication and commitment of MSC leaders both past and present across the globe. Thank you for your continued efforts to support those MSC officers serving today. It is greatly appreciated!

The MSC mission is to provide agile, adaptable, doctrinally grounded, and leader developed MSC officers focused on operational medicine, supporting the warfighters, and strengthening the military health system. The MSC enables the Army's mission to deploy, fight, and win decisively against any adversary, anytime, and anywhere. Our work enables the Army in joint, multi-domain, and large-scale combat operations to preserve Soldier lethality and survivability. The MSC Strategic Plan is nested with Army Medicine's Strategic Plan that focuses our efforts on People, Readiness, Modernization, Reform, and Strengthening Alliances & Partnerships.

The MSC is healthy, thriving, and leading from the front! We have over 9,300 officers (Compo I, II, III) serving in over 21 Countries. We continue to compete extremely well for promotions, senior nominative command, centralized selection list command, senior service college (resident and distance education), and assignment to strategic billets. Our deliberate focus on leader development and talent management has set conditions to ensure that our highly qualified officers are in the right assignment at the right time.

Thank you for continuing to promote the vast history and time honored traditions of the MSC. Your support of continuing education, social, and recreational activities, builds camaraderie among our MSC officers and makes our Corps stronger. I am truly honored to serve as the 19th Chief, MSC and grateful for your continued service and support!

DENNIS P. LEMASTER
Major General, USA

SCA Membership Update: Last year was a very good growth year for the SCA. Membership at the beginning of 2021 was 606 with a breakout of 401 Regular, 201 Lifetime, 2 Associate, and 2 Honorary members. We ended 2021 with a total membership of 746, an overall increase of 140 members, 118 Regular and 22 Lifetime members. While we are pleased with our growth to date, we want to continue to add new members, so I encourage each of you to help recruit at least one MSC officer, active duty, former, retired, reserve, or National Guard, they are all eligible.

Also, Associate memberships are available to other AMEDD Officers, MSC Officers from other military services and to civilian employees who have provided extraordinary support to the Army MSC and the AMEDD for a continued number of years. Such individuals must be nominated by a SCA Regular or Lifetime member in good standing and the nomination is then reviewed by the SCA Board of Directors. If approved, the individuals are offered an Associate Membership. Members in this category will pay the same dues as regular members, will have the right to vote, will be eligible to purchase Life Membership, but will not have the right to hold office.

On 2 March 1971, he was awarded the Medal of Honor by President [Richard M. Nixon](#) for his actions on 11 July 1969. Roberts was the youngest living Medal of Honor recipient and the only one still on active duty until 2010, when Army Staff Sergeant [Salvatore Giunta](#) was awarded the medal.

Post-Vietnam life

Following his first enlistment in the army, Roberts attended the [University of Dayton](#) and received a [bachelor's degree](#) in [sociology](#) in 1974. He married and became the father of a son and a daughter. After eighteen years as a social worker, he returned to the Army and received a direct commission as an officer and entered active duty in 1991. Medal of Honor citation

For conspicuous gallantry and intrepidity in action at the risk of his life above and beyond the call of duty. Sgt. Roberts distinguished himself while serving as a rifleman in Company B, during combat operations.

Sgt. Roberts' [platoon](#) was maneuvering along a ridge to attack heavily fortified enemy [bunker](#) positions which had pinned down an adjoining friendly company. As the platoon approached the enemy positions, it was suddenly pinned down by heavy [automatic weapons](#) and grenade fire from camouflaged enemy fortifications atop the overlooking hill. Seeing his platoon immobilized and in danger of failing in its mission, Sgt. Roberts crawled rapidly toward the closest enemy bunker. With complete disregard for his safety, he leaped to his feet and charged the bunker, firing as he ran. Despite the intense enemy fire directed at him, Sgt. Roberts silenced the 2-man bunker.

Without hesitation, Sgt. Roberts continued his 1-man assault on a second bunker. As he neared the second bunker, a burst of enemy fire knocked his rifle from his hands. Sgt. Roberts picked up a rifle dropped by a comrade and continued his assault, silencing the bunker.

He continued his charge against a third bunker and destroyed it with well-thrown hand grenades. Although Sgt. Roberts was now cut off from his platoon, he continued his assault against a fourth enemy emplacement. He fought through a heavy hail of fire to join elements of the adjoining company which had been pinned down by the enemy fire.

Although continually exposed to hostile fire, he assisted in moving wounded personnel from exposed positions on the hilltop to an evacuation area before returning to his unit.

By his gallant and selfless actions, Sgt. Roberts contributed directly to saving the lives of his comrades and served as an inspiration to his fellow soldiers in the defeat of the enemy force. Sgt. Roberts' extraordinary heroism in action at the risk of his life were in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, and the U.S. Army.
